Update 4/29/2020

Moving Forward

The past several weeks have been difficult not being able to meet for worship in person! Yet as a church family, we have experienced creative ways of getting together to share life through worship and prayer! Thank you for caring for one another and sharing ways to connect while respecting social distancing.

We will continue our worship services online at Faithlife.com/CCCLincolnshire/activity.

It is our hope that we can hold worship services in person on Pentecost Sunday, May 31. We will have a plan of "Safe Practices" for the Worship Services, other activities and building use prior to our ability to meet together. This will be communicated in upcoming emails, on the church website, and will be posted in the church buildings.

Our goal as Leadership is your safety by offering a clean environment to worship together in. Until then, and always, please know that you are on our hearts and that you and your family are in our prayers. God Bless!

Update 3/31/2020

Church Leadership has decided to not hold any worship services and church meetings at our physical location in Lincolnshire. Please do not enter our facility for any group meetings of any size. We had our janitorial service do a deep cleaning of the facilities on Saturday, March 21. We need to keep it disinfected until we return.

Thank you for your cooperation.
